

Manning Valley Rockhounds Lapidary Club

Meets every Saturday 10 am till 4 pm beneath the Grandstand at the Wingham Showground on the Gloucester Road Wingham.

Our club was formed in 2009 and has a well-equipped workshop with everything for the lapidary enthusiast.

We teach faceting and cabbing to beginners, have some great fossicking adventures locally and away.

Whether you're a rock hound, a fossil hunter, a cutter, or a collector, there's something for everyone at the Manning Valley Rock Hounds Lapidary Club.

Gem And Mineral Museum
