

The 2019 Hawkesbury District Agricultural Show will take place at Clarendon, NSW on the 10th, 11th and 12th May.

Unfortunately, the number of entries in the lapidary sections has decreased over the last few years - from its highest of over 160 entries to only 30 in 2018. If the numbers do not increase, the lapidary section will be deleted from the show.

The Hawkesbury Show is open to all the people in Australia, and there are many who are interested in minerals, fossils, jewellery and stones. It is hoped that more clubs will support the lapidary sections of the show in 2019.

The Hawkesbury Show is on the website www.hawkesburyshow.com.au or you could ring Mrs Amena Murray on 02 4571 1517 if you have any questions in relation to this event.

In 2018 there were over 60 000 visitors to the show, making it the largest Regional Show in NSW and the second largest in Australia.
